PANTS

(Season 1936)

RPL

We wish to quote our plants which are all grown on our plant farm here at Seville. These are grown from select seed stocks and we use no mineral fertilizer in growing our plants to force a quick growth. You will find our plants thrifty, vigorous, hardy and more adapted, we believe, for Florida transplanting than plants shipped in from out the State. We have numerous customers that we supply regularly every season. Kindly note from the following when we anticipate our plants will be ready for shipment. Unless otherwise quoted all shipments are FOB Seville, Florida.

We will enter into contract to grow plants and will endeavor to have the same ready at the date specified in your order. Ask us for our contract prices on the quantity you wish grown. On contract orders we require a deposit of ten percent of the amount of the order. Ask for our seed list listing all Florida field and truck garden seeds. On large orders of plants we are in position to quote delivered prices by truck delivery.
